ITS AIMS AND OBJECTS

THE ANCIENT ORDER OF UNITED WORKMEN is a purely Benevolent and business organization. It was started some twenty years ago, and numbers now about Twenty Thousand members, under the jurisdiction of the Grand Lodge of Ontario, and has a total membership of some 195,000, embracing all classes, from the humble laborer to the wealthy merchant, and men of the learned professions.

The Order is based upon the principles of Charity, Hope, and Protection Charity is practiced towards the suffering; its members live in Hope, and the strong arms of Protection are extended to the weak.

Since its inception nearly $20,000,000 have been paid to the Widows and Orphans of deceased Brethren.

The BENEFICIARY FUND, a carefully devised, well guarded, and economical system, secures to each member's family the sum of

Two Thousand Dollars

at an average cost of about $16.00 a year, besides it is designed to promote fraternity, mental and social improvement, and mutual assistance.

Assessments are made the 1st of each month, and only when there are not sufficient funds in the hands of the Grand Lodge to pay the death calls; and all money paid in for this fund remains intact for the beneficent purpose for which it is intended.

The total cost to an applicant for membership is $12 00, made up as follows:—$3.00 to be paid with the proposition; $5.00 on presenting himself for first degree, and $4.00 for the second degree,—all of which covers the Medical Examiner's Fee, Beneficiary Certificate, and Assessment deposit.

The Order has two degrees with simple and appropriate initiation ceremonies, whose teachings strengthen the character and elevate the moral principles of the members.

In addition there is a Relief Society, the entrance fee to which is $5.00, and the benefits accruing are, during sickness, $10.00 per week for 10 weeks, and if permanently disabled, $3.00 per annum for three years, and $100 upon death of member's wife.

There is also in connection with the Order, a semi-military branch, known as the Select Knights, in which additional insurance to the extent of $4,000 can be obtained.
